New Media for a New Generation of Leaders

Summer 2011

For over 10 years now Harvest Fields Commissioning International, its media production arm OLI productions and, now, Principles TV have been producing leadership training DVDs and other media that are currently being used by an estimated 1.8 billion people worldwide. Through TV, DVD, mp4 media and On Demand HFC International has been able to gain worldwide coverage as well as front page publicity about its work and outreaches. From India to China, the Middle East to North America each of the 23 series currently in production and post-production has been well received. "Principles of Leadership" is the flagship TV series. With a total of 52 programmes top veteran Christian leaders share the principles by which they live and operate. From NY Times best-selling authors to the former Head of the British Army General Sir Richard Dannatt every programme is crammed full of both information and inspiration. Former Arafat friend and sniper Tass Saada shares his change of life. Brother Yun shares about his miraculous testimony - and escape from high security pris-

on. Picking up from here the new series "Precepts of Leadership" now features many "Next generation" leaders - Pastor Yun's son, now a Pastor in Europe, Dr. Cho's successor of the world's largest church and Reinhard Bonnke's successor. From Heidi Baker to Jentezen Franklin fresh insight breathes new life on godly principles and wisdom. Filmed worldwide the series has been filmed in HD for brighter and clearer visual enhancement.

Filming "Precepts of Leadership" with guest Daniel Kolenda, successor to Reinhard Bonnke as head of CfaN.

Other Series in Production

- Aimed at a secular market "Principles of Business" features well known businessmen and women sharing some of their precepts.
- "Stars in His Crown" could be called a "Hollywood" version of "Principles of Leadership". It features well known Christian actors, producers, directors, composers and designers.
- "Principles of Praise" features famous Christian singers and songwriters in every field from praise & worship to opera to country & western.
- The vital area of prayer is covered in our newest series "Principles of Prayer". With guests well known for their intercessory prayer ministry this is predicted to be popular with churches worldwide.
