

What key leaders are saying:

“God appoints the spiritual leader at church and performs wonderful works through that leader. I believe the “Principles of Leadership” series will help us to learn how God works through the leaders all over the world today. God is still looking for the prepared spiritual leaders. He looks for the person of the Holy Spirit, the person of prayer, the person of dream and vision, the person of the word of God, the person of love, and the person of humility. I pray that you all become the spiritual leaders whom God can use greatly for His Kingdom.” **Dr. Young Hoon Lee** - Senior Pastor Yoido Full Gospel Church (The world’s largest)

“What a wonderful resource “Principles of Leadership” is - distilled wisdom from seasoned practitioners who love the Church and are convinced that servant ministry is the only way to see her fulfil her God-ordained potential.” **Canon J. John**

“Having the opportunity to partner with others like Agape:Live! in this kingdom work is a true blessing. I pray my contribution to this powerful film series will be an encouragement to others working on the frontlines of ministry.” **Dr. Luis Palau**

“Facing the challenge? This is exactly what David Sullivan is doing with his series on leadership: make knowledge and experience from others available to many, so we all, together, can proclaim the Lordship of Jesus more efficiently. Of course I accept that challenge. Press on David.” **Brother Andrew** (founder of Open Doors)

“This series of leadership videos can be extremely useful in training up the leaders urgently needed in all aspects of Church life and global missions.” **George Verwer** (founder of OM)

“We are living in a day when the need for connection in the Church is vital. We have built big but now we must foster intimacy and relationship within. I believe the “Principles of Leadership” series will strengthen and nurture many.” **Lisa Bevere**

“I am grateful for the opportunity, through this DVD series, to share with those who hold strategic positions of Christian leadership. God’s people today are living in an increasingly hostile culture, and desperately need authentic leaders who live out the Word they proclaim, standing up and speaking out with the courage of their convictions.” **Anne Graham Lotz**

“Participating in the training of Developing World church leaders is one of the most effective ways for the Western church to invest in sister churches around the world and I’m so glad to know that “Principles of Leadership” has caught and is implementing this vision.” **Dr. Stuart Briscoe**

“This series is a brilliant idea and a wonderful way to get the Christian message AND the application of it across to millions throughout the world.” **Fiona Castle**

“The “Principles of Leadership” series is, I believe, an important resource for leaders who want not only to engage the present, but to shape the future in line with higher, Kingdom priorities.” **Mal Fletcher**

“The forward movement of the Church depends on the leadership that God raises up. This series explores what constitutes Godly leadership, and that’s why it is so important.” **Tony Campolo**

“As Bible believing Christians we have a responsibility to preach the Gospel and to change the generation in which we live. God is depending on us. He has commanded us to become involved, to do something. We don’t all have to be great preachers, but the fact is that we are all saved to serve. He has called us - we have to make it happen! This “Principles of Leadership” series will equip you to do just that.” **David Hathaway – Eurovision**

“The principles of leadership reflected in the pages of scripture are vital and essential to bringing the Kingdom of God into a broken and sinful world. After all the story of the advance of the Church into the world, recorded in the book of Acts, is really a narrative about leadership and the principles of spiritual engagement. We would do well to learn from them.” **Malcolm Hedding - Executive Director, International Christian Embassy - Jerusalem**
